

## COMPANY WILL BUILD SILOS IN AMARILLO

H. E. Hume and H. H. Davenport have formed a partnership under the name of the Panhandle Silo Company, and shortly will begin the manufacture of wooden silos on a large scale. The factory will be located at Fourteenth and Johnson streets, and it is the purpose of the new company to manufacture the best in the wood stove product which can be turned out by skill and honest workmanship.

The company is going out after large business, and have already begun work to secure agents throughout the Panhandle and New Mexico. H. H. Davenport stated yesterday afternoon that the demand for silos is increasing in this territory, and that the new organization proposes to go in after a liberal share of the business.

"The worth of the silo has been fully demonstrated in this section of the southwest," said Mr. Davenport. "It has proved a profit-maker for the stockman, enabling him to market his grain on the hoof at a decided advance over the usual method of selling. As the stock farming industry grows, the demand for silos will show a heavy increase, and it is our purpose to put out such a desirable product that we will shortly become one of the largest manufacturing and distributing concerns in the southwest."

### COMMITTEES BUSY FOR CHAMBER OF COMMERCE

A special committee, composed of H. W. Galtbraith, J. L. Nunn, C. H. Yost and J. N. Vernon spent an active day yesterday in an effort to strengthen the finances of the Chamber of Commerce, with notable and gratifying results. The same committee will resume this line of important work Thursday.

President W. H. Fuqua of the Chamber of Commerce named the following committee, which will meet this morning at 10 o'clock, and follow up the work of yesterday: Morris Winfrey, chairman; J. D. Bartlett, W. W. Collins, George Lindsay and Bob Ames.

### New Suits Filed

New suits were filed yesterday with Clerk M. H. Hardin of the Forty-seventh district court, as follows: Ella Dismuke vs. W. S. Dismuke, divorce; R. L. Roberts vs. L. A. Wells, to rescind contract.

## THE GRAND SECURES SPLENDID ATTRACTION

The Alhambra Musical comedy company on trip from Oklahoma City to El Paso, has been induced by Manager Wood of the Grand Opera House to stop off in Amarillo in order that his patrons may have the benefit of this high-class attraction.

Usually this company does not visit cities of the size of Amarillo and but for the long trip almost across three states, it would not have been possible to secure them for the Grand.

Moving pictures will be run in connection with the comedy company and one of the finest attractions ever seen in Amarillo is promised for all of next week.

The prices will be 15c, 25c and 35c, easily within the reach of all.

The show is guaranteed to be clean, moral and highly educational.

### CARD OF THANKS.

We desire to thank all friends and neighbors who so faithfully assisted us in the late sickness and death of our mother, Mrs. Mary A. Harris. We also desire to express our appreciation of the attendance upon and participation in the funeral ceremony by all the fraternal orders represented, and all who contributed to the floral offering. We also appreciate the sympathy, tenderness and thoroughness with which the funeral services were conducted.

Signed:  
J. D. Bradford, Strawn, Tex.; Lee Bradford, Fort Worth, Tex.; Frank Harris, Waco, Tex.; Mrs. N. B. Moore, Snyder, Tex.; Mrs. W. D. Sims, Snyder, Tex.; Mr. and Mrs. J. W. Garrett, Amarillo, Tex.

### LATE NIGHT CHIEF OF WESTERN UNION LEAVES.

T. D. Daniels, for the past six months late night chief for the Western Union in the Amarillo office, left last night for Beaumont, where he will accept a position as chief operator. Mr. Daniels during his comparatively brief residence here made a legion of friends whose best wishes follow him to his new home.

### Armstrong Boys Residence.

The new residence being built by L. B. Newby at 1816 Monroe street was sold yesterday to A. D. Armstrong, who will shortly occupy it. The cottage is a model of attractiveness and convenience.

## FARMERS SEEKING HELP OF SANTA FE RAILWAY

The Santa Fe agricultural demonstration department, under direction of H. M. Baker, is being importuned constantly for help by farmers who are awakening to the importance of better seed selection and cultural methods for the various crops proven to be adapted to this section of Texas, Eastern New Mexico and North-western Oklahoma.

Many applications are being made of course for seed to be planted and grown under the demonstration plan of the department, all of which, as far as possible, are supplied, but the work and interest does not stop there. Hundreds of men who are furnishing seeds for their own farms are writing and requesting advice and co-operation upon the part of the Santa Fe demonstrator and his assistants in order that their yield may be increased.

Helpful suggestions and advice, together with available farm literature, is not being withheld. On the contrary, widest publicity is being given to every known fact tending to be helpful in even the least measure to farmers in either the dry farming or irrigated districts of the Plains country.

The Santa Fe, together with many of the other great railroad systems, realizes that an incidental good in the form of increased tonnage, from the numerous crops raised under the diversified methods advocated, will accrue. When this is taken in connection with the ever growing passenger traffic incident to a thickly populated district, the legitimate business foresight of the railroads must meet the commendations and consideration of thinking citizens who desire to see the betterment of this entire division of the southwest.

## NEW MEMBERS ARE SEATED IN COUNCIL

### RESIGNATION OF BIVINS TENDERED AND ACCEPTED

Hugh L. Umphres and John R. Trolinger, elected by vote of the people of Amarillo on Tuesday, April 1, yesterday afternoon qualified as aldermen, by filing their oath of office, and immediately took their seats around the council table of the city.

Shortly afterward the resignation of Alderman Lee Bivins was accepted by the council, and on resolution of Alderman Umphres an election to name a successor was called for Saturday, April 26, notice to that effect being duly posted later in the afternoon. J. S. Blair was named as election officer for the City Hall box and J. C. Skillman for the Court House.

Before the new aldermen qualified the report of the auditing committee, which has been busy on the city accounts for the past two weeks, was made, adopted and ordered printed. The amount of the auditors for 1912 for services was allowed.

Alderman Umphres suggested that the question of providing more adequate facilities for the press was in order, and this suggestion resulted in adoption of a motion to purchase a table which will be installed in the council room at an early date.

Request of the Federation of Women's Clubs for use of the library room of the City Hall for their meetings was granted, and a resolution authorizing purchase of fifty chairs for the use of the ladies was adopted.

A. D. Armstrong, who sat with the council prior to the qualification of the new aldermen, appeared in the role of private citizen and asked the council to install a street light at the corner of 17th and Monroe.

Mr. Armstrong has just purchased a handsome residence at 1816 Monroe street, and stated that the section was thickly settled and in need of street illumination. The matter was passed over to a later meeting, when, after report from Fire Chief Jones as to shift of certain lights now deemed useless, decision will be reached.

A resolution was favored allowing the Shriners the city's dump-cart and horse on next Saturday for use in the big street parade.

Mayor Gee named the following street and alley committee: Blanch-

ard, chairman; Seewald and Trolinger. Other committees, he stated, would be announced later.

Alderman Umphres brought up the question of purchasing the city's yearly supply of lumber and hardware under the competitive bidding system, voicing belief that considerable saving would result. This occasioned considerable discussion, but no action was taken.

The city engineer was advised to build one city culvert of brick, as a test of that material, in belief that it would prove satisfactory and more economical.

O. D. Anding, proprietor of The Grand Theater, appeared before the council and asked the privilege of installing two large electric signs across Polk at the corner of Fifth and across Fifth at the corner of Taylor. Fears were expressed by members of the council that these signs could not be erected and maintained in safety to the public, but assurances to the opposite were voiced. It was finally decided that the matter should be referred to the city electrician and the city engineer, who were asked to report at the next meeting.

Non-payment of sewer taxes was discussed, and determination was reached that all violators of the ordinance requiring such payment should be made to answer to complaints, following early notification.

Other minor matters were considered, after which the council adjourned.

### MRS. SETH B. HOLMAN IS RAPIDLY IMPROVING.

Mrs. Seth B. Holman, who submitted to a severe operation Monday in the Amarillo hospital, is now out of danger, and was reported yesterday afternoon to be rapidly recovering. This information is gratifying to the many friends of Mr. and Mrs. Holman throughout the city and the Panhandle. As soon as the patient is strong enough she will be removed to the family apartments in the St. Charles, and will later visit with relatives at Hereford.

### Santa Fe Publicity.

N. H. Reed, general publicity man for the Santa Fe system, who has been in Amarillo since Sunday, collecting materials in the Panhandle and Plains country for publication in the various periodicals, with which he is connected, left last evening for Albuquerque, N. M., and from that place goes to his home in Chicago.

Mr. Reed is greatly interested in this section of the country, and will use all of the means at his command to give wider publicity to the many points of interest here than ever before.

Just prior to leaving last night, Mr. Reed indicated that he would

## Dr. PRICE'S Cream Baking Powder

Dr. Price's Cream Baking Powder is free from alum and lime phosphates. Made from grape Cream of tartar and absolutely pure. Its use is a safeguard to health, for it actually aids digestion, and relieves from all anxiety as to the wholesomeness of the food.

On the other hand each attempted imposition of an alum baking powder upon the consumer is a covert attack upon the health of the family. Of course, no grocer would knowingly sell injurious food to his customers; but he has himself been deceived as to the true character of the cheap powders by their manufacturers.

Forewarned, and solicitous for the health of her family, the housewife will be influenced to a constant watchfulness and a stubborn resistance against the danger.

Baking Powders sold at a lower price than Dr. Price's are almost invariably made from alum, and therefore inferior, and prejudicial to health.

try to return to Amarillo during the month of June, at which time a more extended visit will be arranged, if possible. According to the facts gleaned during the short stay in Amarillo and the Plains country, Mr. Reed stated that there have been developments little short of wonderful within this territory during the past few years. He says that the very people who live here would be astonished if they should take time to get in touch with the progress and thus acquaint themselves with the real situation.

All Magazines and Periodicals at the Amarillo Drug Store. 139-11
